Expiration Date: ________________________
Signature: ________________________________
Fax workshop registration to PHA at (717) 975-9456 or register online at
www.pahomecare.org and select education

Exam Registration
You MUST register and pay separately with the Board of Medical Specialty Coding to take the HCS-D Certification Examination. The coding workshop is scheduled for Oct. 18 and the exam will be given on Oct. 19.

For registration forms and an HCS-D test outline, visit www.medicalspecialtycoding.com and click on "HCS-D Test Opportunities" or email info@medicalspecialtycoding.com and put "PHA Oct. 19" in the subject line. For more information, call BMSC toll-free at (800) 897-4509.

BMSC has developed a unique new opportunity for homecare staff—the Homecare Coding Specialist—Diagnosis Certification. The examination is recommended for clinical, QI and billing staff or anyone responsible for ICD-9-CM assignment or verification of OASIS submission. The new designation helps agencies make more informed hiring decisions and reward coding expertise which helps ensure complete, accurate reimbursements and clinical outcome measurements. The 50-question HCS-D exam focuses on the critical diagnosis coding and billing issues specific to home health.

Participants MUST bring a CURRENT ICD-9-CM Manual!

Hotel Accomodations
Discounted Room Rate: $115
Penn Stater (800) 233-7505
Reference ID Number: INTJ10B
Book by September 17, 2010.

Cancellation Policy: Cancellations up to three weeks prior to the session date will be assessed a 15% administration fee. NO REFUND will be given after that time.

6.5 Hour Workshop
• Instructs home health coders how to recognize & access other source documents* which impact home health coding
• Assist coders in the interpretation of these documents* and how the guidance influences our diagnostic coding selections without sacrificing coding accuracy
• Analyzes how ICD-9 codes impact risk adjustment & reimbursement
• Includes the latest guidance from the OASIS-C Guidance Manual Chapter 3 & Appendix D

Learn
• The role of M1020, M1022 & M1024
• Approved V Codes
• Risk Adjustment
• Ordering (not "sequencing") Diagnoses
• Case Mix Diagnoses
• Reimbursement Impact
• LCDs for Physical Therapy in the Home

* Appendix D & Ch. 3 OASIS-C Guidance Manual
CMS & OCCB Q & A
Medicare Claims Processing Manual
